PREFACE

This volume is the twenty-fourth annual cumulation of the Industrial Arts Index. It includes the monthly numbers of the Index from December, 1935, thru November, 1936. Three additional periodicals have been indexed in 1936: *Electronics, Review of Economic Statistics* and *Commercial and Financial Chronicle.* The last named has been indexed beginning with July, volume 143 of the *Chronicle.* As usual subject entries of many books in fields covered by the Index are included. These have reached a total of 2,643 titles in the present volume. The number of pamphlets, bulletins and government publications have likewise increased.
